

Associate Professor
Department of Informatics
University of Piraeus
Greece
email: konstant at unipi dot gr

Education

- Phd in Computer Science, Department of Computer Engineering and Informatics, University of Patras, Greece, 2000.
- Diploma in Computer Engineering, Department of Computer Engineering and Informatics, University of Patras, Greece, 1993.

Research Interests

- Design and analysis of algorithms
- Parallel and distributed computing
- Mobile ad hoc networks
- Sensor networks

Events

Algorithms MDPI - Special issue on "Parallel Algorithms for Combinatorial Optimization Problems" ([CFP](#))

Series "Advances on Learning, Analytics and Intelligent Computing Systems" published by Springer - Volum

e Title: "

Modelling, Computing and Data Handling Methodologies for Maritime Transportation" (

[CFP](#)

)
